

# Size Accessible Seating

Size Accessible seats offer additional room and weight capacity. We believe that people of all sizes deserve a comfortable space to enjoy our programming. This season, we have replaced a percentage of our seating with size accessible seats for people of size and their companions as well as any other audience members who may require more room to get comfortable in our theatre space.

## How to Book your Size Accessible Seating:

1. Purchase your ticket(s).
2. E-mail [danielle@downstage.ca](mailto:danielle@downstage.ca) to reserve your seat(s), with the subject line "Size Accessible Seats".
3. Danielle will be at the box office when you arrive for the performance and we will direct you to your reserved seat(s).

## More information about the chair:

**Weight Capacity:  
up to 500 lbs.**
